

Dr Claudia Czerkauer

Consultant

Dipl Ing Arch PhD SBA

Claudia Czerkauer registered as an architect in the Netherlands. Her specialism lies in urban planning and design. She joined Space Syntax as a Project Consultant in April 2008.

Claudia has working experience in architecture and design in Austria, Albania and UK. Her experience includes work on complex buildings such as shopping malls and museums. Further, Claudia is an author for the Austrian professional architecture magazine "Architektur & Bauforum" since 2004.

Her research experience and interest lies in the phenomenology of spatial hierarchies- morphological appearance & dynamic flux- linked to urban sustainability.

Claudia obtained a PhD in Architecture (with distinction) in 2007 from Vienna University of Technology of Texas at San Antonio.
