

# Liesbet Thewissen

BA MArch

## Consultant

Liesbet Thewissen is a qualified architect and urban planner. Liesbet joined Space Syntax in April 2006 as a Project Consultant and has since then been involved in various projects in the UK and the Middle East. She is also responsible for the organisation of internal lectures -'brain banks' - and internal project surgeries with Professor Bill Hillier.

Liesbet has worked in architecture and design in Belgium, and her design experience includes work on urban development strategies and masterplans. While in London, Liesbet completed a course in communication design.

She achieved two master degrees in Architecture and in Urban Planning, both from Belgium, from the Provinciale Hogeschool Limburg Departement Architectuur in 2000, and from the Universiteit Gent in 2001.
